**Question 5 - Are the monitoring arrangements reasonable and appropriate?**

<input type="radio"/> <del>Yes</del>	<input type="radio"/> <b>No</b>	<input type="radio"/> <del>Not sure</del>
--------------------------------------	---------------------------------	---

**Comments**

The current wording does not make it clear what period the data is required for. Therefore we would recommend the period needs to be explicitly made clear i.e. the reporting period

**Question 6 - Do you have any comments on the content of the impact assessments?**

<input type="radio"/> <del>Yes</del>	<input type="radio"/> <b>No</b>	<input type="radio"/> <del>Not sure</del>

**Question 7 - Is there any other information that you are aware of that could be used to consider the equality impacts of the Code?**

<input type="radio"/> <del>Yes</del>	<input type="radio"/> <b>No</b>	<input type="radio"/> <del>Not sure</del>
--------------------------------------	---------------------------------	---

**Question 8 - Are there any additional matters that you would like to bring to our attention**

<input type="radio"/> <b>Yes</b>	<input type="radio"/> <del>No</del>	<input type="radio"/> <del>Not sure</del>
----------------------------------	-------------------------------------	---

**Comments**

The requirement to provide '*information on the implementation of the Code by service providers*' is ambiguous and is open to different interpretations. In addition it may be difficult for the public service to know or have this information readily to hand. With this in mind our proposal would be to remove this requirement.

**Question 9 - We have asked a number of specific questions. If you have any related issues which we have not specifically addressed, please use this space to report them:**
