

## Wales Landfill Capacity 2012

All figures are provided in 000s cubic metres

Landfill Type	Waste Type	Sub-Region			WALES
		North Wales	South East Wales	South West Wales	
Hazardous Merchant	Hazardous	-	-	-	-
Hazardous Restricted	Hazardous	-	-	192	192
Non Hazardous with SNRHW cell*	Non Hazardous	-	3,221	-	3,221
Non Hazardous	Non Hazardous	4,924	8,761	8,417	22,102
Non Hazardous Restricted	Non Hazardous	79	3,788	2,412	6,279
Inert	Inert	928	1,541	280	2,748
<b>Total</b>		<b>5,931</b>	<b>17,312</b>	<b>11,300</b>	<b>34,543</b>

\*Some non-hazardous sites can accept some Stable Non Reactive Hazardous Wastes (SNRHW) into a dedicated cell, but this is usually a small part of the overall capacity of the site. Additional data for specific cell tonnages can be obtained from

### Table Notes:

2012 landfill capacity data was obtained from environmental monitoring reports required by permits or directly from the operator.
