

# Application to surrender an environmental permit Part RSR-E4 – Surrendering a radioactive substances activity permit, including landfill permit (open sources and radioactive waste)

**Please read through this part of the form and the part RSR-E4 guidance notes before you fill it in.**

It will take less than two hours to fill in this form.

Fill in this part of the form, together with parts RSR-A and RSR-F, if you are applying to surrender all or part of an existing permit for a radioactive substances activity involving open sources and landfilling of radioactive waste. Surrender includes reducing the size of the premises where sources are used.

**Contents**

- 1 About the permit
- 2 About the partial surrender
- 3 How to contact us

## 1 About the permit

1a What is the permit number that this application relates to? \_\_\_\_\_

1b Are your premises on a nuclear licensed site?

Yes  Go to question 1e. Do not answer 1c or 1d (the tests in 1c and 1d do not apply to nuclear sites).

No  Go to question 1c.

1c Describe the measures you have taken to avoid a pollution risk from open sources and radioactive waste covered by the permit or part of the permit to be surrendered

Or document reference \_\_\_\_\_

1d Describe the measures you have taken to return the premises to a satisfactory state, having regard to their state before the facility was put into operation, insofar as they are affected by the open sources and radioactive waste covered by the permit or part of the permit to be surrendered

Or document reference \_\_\_\_\_

1e How have you recorded any instances of contamination from open sources and radioactive waste covered by the permit or part of the permit to be surrendered?

## 1 About the permit, continued

1f Are you applying to surrender all or part of the permit?

All of the permit

Fill in part RSR-F

Part of the permit

Go to question 1g.

1g If you are applying to surrender all of the permit, confirm that all open sources and radioactive waste have been removed from the premises

All open sources and radioactive waste removed

Some open sources or radioactive waste remain

Please give details below

## 2 About the partial surrender

2a Tick the relevant boxes to show which radioactive substances activities will be surrendered and which will continue

2b Give a description of which parts of the radioactive substances activities will be surrendered and which will continue

Or document reference

2c Describe why you want to make the changes

---

**2d** Give details of the partial surrender

Provide details of the proposed partial surrender, setting out:

- which parts of the radioactive substances activities will be surrendered and which will remain;
- the changes you consider necessary to the existing permit, and your proposals for the new permit, particularly in terms of:
  - limits on source holdings;
  - permitted waste types, disposal outlets and disposal routes;
  - limits on disposals.

Document reference

**2e** If you are applying for a chargeable variation and your current permit was issued under RSA 93, we will take this opportunity to update your permit to our new format and conditions (as set out in the 'How to Comply' guidance). This includes combining open source registrations and radioactive waste authorisations into a single permit. Please tell us if there is a particular reason why you think we should not do this.

Now fill in part RSR-F.
