Animal Puzzle Clues

Follow the clues and the map around the red trail keeping your eyes peeled for the animals.

- 1 The king of the sky soaring up high, ready with talons for prey that I spy!
- 2 On long summer days, you will see me flutter, with my long tongue I feed on nectar!
- 3 I carry my home upon my back, I slither and slime across the track!
- 4 Bright eyed and bushy tailed, I scamper on the forest floor, collecting nuts and cones for my winter store!
- 5 I catch my prey upon silken strands, many legs I have but no hands!
- 6 I croak in the night and have cold green skin, I like damp places to spend my time in!
- 7 I have not always been here but there are a lot of us around, we have twitchy noses and live in burrows underground!
- 8 Deep in the forest I hunt and I bark, a bit like a dog but I am out in the dark!
- 9 Worms I love and dig up along the trail, red is my breast and brown is my tail!
- 10 In hundreds and thousands we live and we toil, building great cities under the soil!
- 11 Nuts and berries are the foods that I seek, I have a long tail and whiskers, I squeak!
- 12 I snuffle and sniffle and look like a brush, I hide in the bushes and sleep, so hush!
