Edrychwrh allan am yr olion carnau sgleiniog sy'n dystiolaeth fod MinorTauro gwmpas!

The trail is built in four loops which get progressively longer and more challenging. There are plenty of fun features including stone steps, rollers, table tops, berms and the occasional jump. Loop 4 uses a rougher section of private track up to the waterfalls with a barrier to negotiate. There are short steep climbs and a rough forest road descent.

This trail is a great fun introduction to mountain biking for a wide range of ages and abilities and is unique in that the first three loops can be used by disabled riders using adaptive mountain bikes.

Look out for the shiny hoofprints that give you a clue that there's a MinorTaur about!
